SUMMARY

Highly motivated FrontEnd developer with a passion for front-end development, skilled in HTML, CSS, JavaScript, and React. Experienced in building user-friendly interfaces and enhancing e-commerce features. Eager to contribute to innovative projects and grow as a front-end specialist. .

WORK EXPERIENCE

Spicetech IT Solutions (Jr. Web Developer)

June 2023 - present

- Developed and maintained **5+ Shopify apps**, enhancing store functionality and merchant experience.
- Built Shopify embedded apps using React and Express, reducing integration time by **30%**
- Applied optimization techniques resulting in a notable **5% reduction in the execution time of critical scripts**.
- Collaborated with cross-functional teams and 50+ merchants to build custom Shopify solutions.
- Conducted manual testing to identify and resolve bugs, ensuring high-quality, error-free functionality across web applications
- Customized 30+ Shopify themes and storefronts using Liquid, JavaScript, TypeScript, and Tailwind CSS.
- Optimized app performance, reducing load times by **25%** and boosting user engagement.

PROJECTS

Portfolio Website

[Link](#)

- Developed Responsive Portfolio Website with React, Routing, and Modular CSS
- Implemented modular CSS techniques to maintain code organization and styling consistency across components.
- Implemented efficient optimization techniques to achieve fast loading times and optimal performance.

Employee Management System

[Link](#)

- Developed an **Employee Management System using React and Tailwind CSS**, featuring a secure login page with role-based access for admin and employee roles.
- Implemented **local storage for login authentication**, enabling persistent user sessions and seamless navigation.
- Designed an **admin dashboard to assign tasks to employees** and built an employee interface to view and manage assigned tasks, improving workflow efficiency.
